Cabinet approves MoU between India and Argentina in the field of Medical Products Regulation

01 March 2019 | News

The approval would facilitate better understanding of the regulatory aspects between the two sides

The Union cabinet chaired by the Prime Minister Narendra Modi has given ex-post facto approval to the MoU between India and Argentina on cooperation in the field of Medical Products Regulation.

The approval would facilitate better understanding of the regulatory aspects between the two sides and help in increasing India’s export of medical products to Argentina and better coordination in the international fora.
