Key Highlights / Achievements in 2025–26 -

1. Founded Vytalyou in 2025 by Dr. Chirantan Bose and Dr. Preetesh Bhandari.

2. Established its first centre in Powai, Mumbai.

3. Served close to 1,000 clients since opening its first centre.

4. Developed its AI-based Predictive Longevity Evaluation, combining blood work, radiological scans and health-risk assessment.

5. Built a doctor-led preventive healthcare and longevity model integrating diagnostics with personalised preventive and regenerative therapies.

6. Raised â?¹9 crore in pre-Series A funding at an approximate valuation of â?¹33 crore.

Founder Speaks -

With the â?¹9 crore funding, the company plans to strengthen its presence in Mumbai by establishing two additional centres by the end of the year, expanding its local network to three centres. Over the coming years, it aims to further scale its operations and build a network of 10 clinics across India.
