Skye Air Mobility ties up with Redcliffe Labs

08 February 2022 | News

Urban, semi-urban and remote corners of the country will be catered using drone delivery technology

Skye Air Mobility, a drone delivery logistics provider has signed a long term agreement with Delhi- NCR-based Redcliffe Labs. The partnership is first-of-its-kind in the diagnostics space for faster supply chain for sample collection to cater to urban, semi-urban and remote corners of the country using drone delivery technology.

Skye Air will conduct BVLOS drone delivery trials in a select corridor and subsequently followed on by commercial roll-outs in several urban and remote locations in India.

Around 30-40 test flights will be conducted from Redcliffe Lab’s National Reference Lab in Noida from mid February onwards. The engagement shall also capture deploying drones in Himachal Pradesh, Uttarakhand, J&K and North Eastern states.
