OMRON Healthcare India appoints Kotaro Suzuki as MD

25 April 2022 | News

Suzuki will focus to make OMRON an essential part of the Indian societyâ??s preventive healthcare regime

OMRON Healthcare India has announced appointment of Kotaro Suzuki as its new Managing Director. Before this assignment, Suzuki has served in numerous senior leadership roles including domestic and overseas sales, corporate strategy planning, product planning, across varied geographies during his more than 25-years long association with the healthcare business division of OMRON.

Kotaro said, “My focus is to make OMRON an essential part of the Indian society’s preventive healthcare regime. I am keenly looking forward to accelerating the progress of OMRON’s Healthcare business in the country while supporting the growth and development of my team members as well as business partners.”
