Sanskritech Smart Solutions ventures into Africa

15 May 2024 | News

Extending innovative healthcare solutions to Malawi

Mumbai-based startup Sanskritech Smart Solutions has announced its expansion into Africa with a significant stride into the Republic of Malawi. In a landmark move, Sanskritech has formalised a Memorandum of Understanding (MoU) with the Republic of Malawi, aimed at introducing cutting-edge healthcare solutions to the country's healthcare sector.

The formal signing ceremony of the MoU took place in the presence of Pritam Kumawat, CEO of Sanskritech Smart Solutions, and Dr Lazarus McCarthy Chakwera, President of the Republic of Malawi.

The cornerstone of this collaboration is the introduction of Swandook, the world's first ultra-portable, ultra-smart Anytime Health Monitoring Bag. This novel product is poised to transform healthcare accessibility and efficiency in Malawi, addressing critical needs in remote healthcare management.

Speaking on this occasion, Pritam Kumawat, CEO of Sanskritech Smart Solutions, expressed enthusiasm about the collaboration, stating, "Our expansion into Africa marks a pivotal moment for Sanskritech Smart Solutions. We are honored to partner with the Republic of Malawi in introducing Swandook, a revolutionary healthcare solution that embodies our commitment to innovation and accessibility in healthcare. We are confident that our collaboration will usher in a new era of healthcare excellence in Malawi, empowering healthcare professionals and improving outcomes for patients across the nation."

Sanskritech plans to expand its footprint to other countries worldwide.
