Pune-based Rasayu Cancer Clinic signs MoU with Uttarakhand government

03 May 2024 | News

To help train doctors in the field of Ayurveda oncology

In a significant step towards integrating Ayurveda practices with modern healthcare, Uttarakhand Ayurveda University, under the auspices of the Ministry of AYUSH (Government of Uttarakhand) has recently entered into a Memorandum of Understanding (MoU) with Pune-based Rasayu Cancer Clinic.

The aim of this collaboration is to empower government doctors in AYUSH in Uttarakhand with specialised training in Ayurveda and Cancer.

To mark this occasion, a 4-day workshop was conducted by Ayurveda experts at Rasayu Cancer Clinic Pune recently.

In this effort to provide safe and effective cancer treatment, the collaboration also aims to introduce the principles of Ayurveda and actual patient therapy, research and published papers based on research findings.

Recognising the importance of early cancer detection, this specialised training can help these doctors develop advanced knowledge and skills in treating cancer using Ayurvedic principles.

Also, the collaboration between Uttarakhand Ayurveda University and Rasayu Cancer Clinic will help train future Ayurveda doctors in the field of Ayurveda oncology and guide them in using research-based treatments.

Simultaneously, an MoU has been signed between Rasayu Cancer Clinic and Uttarakhand Ayurveda University for therapeutic, educational and research purposes in Ayurveda Oncology.
