Sharda Group launches state-of-the-art facility with smart infrastructure in Greater Noida

09 March 2025 | News

Largest Level 1 Trauma Care Centre in the country in collaboration with SingHealth Singapore

Building on its legacy of excellence in healthcare and education, Sharda Group has launched Sharda Care - Healthcity, a state-of-the-art, 600+ bedded super-specialty hospital in Greater Noida. The hospital was inaugurated by Chief Minister of Uttar Pradesh, Yogi Adityanath Ji, marking a significant step in advancing high-quality healthcare for patients.

During the inauguration, the Chief Minister emphasised the importance of strengthening healthcare infrastructure and making world-class medical facilities accessible to people across the country.

Spread across 65 acres, Sharda Care – Healthcity has a smart JCI compliant infrastructure designed to provide comprehensive, patient-centric medical care across super-specialties, including oncology, neurosciences, orthopaedics, and cardiac science.

Equipped with 160+ ICU beds, 24 modular operation theatres, and largest Level 1 Emergency & Trauma Care centre (60-beds) in the country, established in collaboration with SingHealth Singapore.

The hospital houses patient driven approach, advanced diagnostics, minimally invasive surgical procedures, and precision-driven treatment pathways, ensuring early detection, advanced treatment, and seamless patient management.
