National Dope Testing Laboratory and Sri Guru Gobind Singh Tricentenary University ink MoU to promote sports science

03 June 2026 | News

For capacity building activities in areas related to anti-doping science and health diagnostics

The National Dope Testing Laboratory, New Delhi, an autonomous body of the Government of India, has signed a Memorandum of Understanding (MoU) with Shri Guru Gobind Singh Tricentenary University, Gurugram.

This strategic partnership marks a significant milestone in furthering the broader mission of sports science education, anti-doping research, and drug-free sports in India.

The MoU was signed in the presence of senior officials from both institutions, underscoring the shared commitment to scientific excellence, ethical sportsmanship, and holistic development of sportspersons across the country.

This collaboration aims to provide opportunities for students and faculty members to undergo advanced training, internships, research projects, expert lectures, and familiarize themselves with state-of-the-art laboratory methodologies.

The partnership will also facilitate joint research initiatives, knowledge exchange programmes and capacity building activities in areas related to analytical testing, anti-doping science, forensic analysis and health diagnostics.
