

PULSUS inks agreement with 25 Scientific and Healthcare societies

26 April 2018 | News

These new expansion will create another 1000 jobs in Hyderabad to provide the backend Knowledge Process Outsource (KPO) support services from Hyderabad SEZ Units

Realizing the great potentialities of the European countries including Germany, Spain, Netherlands, France and Portugal, PULSUS Group announced their expansion of its scientific research and publication activities to Europe apart from the Asia Pacific, Middle East, and America.

To establish its operations into these new markets PULSUS inked a mutual partnership agreement with 25 scientific and healthcare societies.

The latest addendum to this initiative is support from the European region which includes Polish Society of Orthopaedics and Traumatology, European Biotechnology Thematic Network Association, World Federation of Pediatric Intensive and Critical Care Societies, International Society for Ceramics in Medicine, Thalassaemia International Federation and World Association of Integrated Medicine and Switch Biotech Association.

Recently Belgium High commission team and Mr. Jean François AERNOUTS visited PULSUS office at Hyderabad to sign an arrangement to establish PULSUS center in Belgium.

With the support from industry and academia, Pulsus and its subsidiaries omics international, meetings international and conference series will be able to schedule 3,000 global annual events in 40 countries for 2018.

These conferences attract 50 million+ visitors, 25000+ unique visitors per conference and 75000+ page views for every individual conference would help in quantifying every presenter's research and biography visibility to the online communities and get recognized worldwide.

"This expansion will create another 1000 jobs in Hyderabad to provide the backend Knowledge Process Outsource (KPO) support services from our Hyderabad SEZ Units." Dr. SrinuBabu CEO of PULSUS said.

Pulsus meetings provide a high-class opportunity to the nurse practitioners to publish their abstract and full-length article in the respective journals. Speaker's profiles displayed on the conference websites give a special recognition to the new nursing practitioners.

Pulsus Meetings also provides CME, CPD, CE and CNE credit essential to maintain competency.
