LKK Health Products Group (LKKHPG) was awarded as one of the Best Companies to Work for in Asia 2018 (Hong Kong Edition) by HR Asia Magazine, one of the most authoritative publications for senior HR professionals in Asia. It has won this honor for three consecutive years since 2016.

Best Companies to Work for in Asia™ is one of the most authoritative business management awards in Asia. LKKHPG was one of the 33 winners this year out of 168 nominees from a dozen industries across Hong Kong. Other awardees include Swarovski, A.S. Watson Group, Hang Lung Properties, Pfizer, and KPMG.

"While the program is Asia-centric, the survey's parameters are benchmarked against the best in the world," said Mr. William Ng, group publisher and editor-in-chief of Business Media International, the publisher of HR Asia.

The Awards was judged by an independent panel of industry experts, academics, journalists and government representatives based on the HR Asia Employee Input Survey™ (EIS) Report and the HR Asia Workplace and Employee Engagement Survey™ (WEES).

The judges examined companies' HR practices, employee engagement, job satisfaction and workplace environment. The evaluation report shows that LKKHPG acquired high scores in all dimensions.

LKKHPG's care for and devotion to employees continue to earn widespread social recognition. In 2018, it was honored as a

Caring Company again by the Hong Kong Council of Social Service, and named a Happy Company again by the Promoting Happiness Index Foundation and Hong Kong Productivity Council.
