

Nightingales Home Health opens branch in Chennai

11 May 2018 | News

Chennai is the fifth city of their foray, after Bengaluru, Mumbai, Pune and Hyderabad, the next on the list being Delhi

[Nightingales Home Health Services](#), a [Medwell](#) Ventures company, announced its entry into Chennai, as a part of its plans to expand amidst increasing demand for post-hospitalization care is on the rise.

In Chennai, its first branch has come up in Adyar with a multi-disciplinary team consisting of doctors, nurses, physiotherapists, respiratory therapists and wound care therapists. The branch has started with 25 people. Four more branches will be set up in 12-18 months.

Nightingales aims to establish a home healthcare delivery network in 10 metro clusters and increase its subscriber base to over 500,000 families by 2020
