AOBiome Therapeutics announces expansion of its BOD

06 August 2018 | News

New appointments integrate broad expertise in clinical development, medicine, finance and business management

AOBiome Therapeutics, Inc. ("AOBiome"), a world-leading clinical-stage microbiome company focusing on research and development of therapeutics for inflammatory conditions, central nervous system disorders and other systemic diseases.

The company announced the expansion of its Board of Directors with the appointments of (i) Professor Klaus Dugi, Executive Vice President and Chief Medical Officer of Ferring Pharmaceuticals, (ii) Dr. Anna Lisa Jenkins, MBBS, FRCP, Chief Executive Officer of PlaqueTec Ltd. and (iii) Mr. Doug Rosefsky, partner of Prudentia Capital S.A.S., as independent non-executive directors. Mr. Rosefsky will lead the audit committee and Dr. Jenkins will lead the remuneration committee.

"We are very excited to announce the additions of Klaus, Anna Lisa and Doug to the AOBiome Board of Directors," said Mr. Todd Krueger, President and Chief Executive Officer of AOBiome. "These industry veterans bring to AOBiome a broad range of expertise in clinical development, medicine, finance and business management experience. We look forward to benefiting from their strategic insights that will be invaluable to the future direction of the Company."
