Leatherhead Food Research joins Fi and Hi India 2013

Fi and Hi India is announces Leatherhead Food Research as their key content partner for Fi and Hi India 2013. The Food ingredients portfolio realises the importance of bringing their customers free, relevant and updated education sessions with the latest trends and industry information. Together with leatherhead, food ingredients India are hosting two new features at the 2013 edition of the show.

Olav Messaling, Brand Director, Food ingredients India added 'Our aim is to offer our customers as much value as possible, so when they leave the show they not only posses powerful business leads, but also to have a greater understanding of the entire industry. These features not only provide this, but also provide good networking opportunities and easy guidance through the exhibition hall.'

Steve Osborn, Business Innovation Manager to Leatherhead Food research said, "We are increasingly aware of the growth in the food and beverage industry in India, so we had no hesitation in supporting Fi and Hi India exhibition. the grand challenges of the food and beverage industry are global, and through the Discovery tours we hope that visitors will connect with some of the solutions. We will also have Food innovation and Regulatory experts available on our stands for Q&A."

Over 6,000 attendees will be attending the show, over the 3 days, to unearth new business partners, suppliers and the latest innovations in marketplace.
