Business Developments during Q2FY19

The company continued its focus on its Cephalosporin plant in Addis Ababa, Ethiopia – the first such plant in the country for Kilitch Drugs which is set up in partnership with Estro. With the aim to produce 20-25 million vials capacity in manufacturing multiple products including dry syrup, tablets, capsules, the plant is on-course to commence commercial production by mid FY2019. The plant will significantly boost the company's presence in the African markets in terms of improved margins and high capacity. The revenue generation from the plant is expected to contribute Rs 100 crore in sales beginning FY2020.

The company is also scouting opportunities to start manufacturing in 2-3 large African countries through partnerships. The company so far registered 320 products across Africa, plans to scale it up to 500 products in coming quarters.

Speaking on the performance, Mukund P Mehta, Managing Director, Kilitch Drugs (India) Ltd. stated, "In the second quarter of the financial year, our robust operations have increased manifold as per the estimates. The company recorded a strong growth in exports both in terms of value & volume and will continue its growth trajectory. The Company continues to enjoy a comfortable liquidity position."
