Jiva will be giving free consultation and discounts on wellness products

The sixth iteration of Jiva Health Week by Jiva Ayurveda will begin across all its 80 clinics in India from March 9 to 18. Around, 10K patients are expected to benefit during the health week. Jiva will be giving free consultation and discounts on wellness products.

Dr Partap Chauhan, Director Jiva Ayurveda, said: "Every year, Jiva Ayurveda organizes the Jiva Health Week to provide high quality treatment through free consultations. We have seen very good response from people across villages and cities in our last health weeks, and I am confident people will come out of their homes and get the benefit of Jiva Health Week this time too."

Jiva Ayurveda's technological innovations includes Ayunique™ which is a proprietary approach pioneered by Jiva Ayurveda that empowers Ayurvedic doctors to diagnose and treat patients effectively.
