

BioSpectrum brings back Ranking special issue for the industry

06 May 2019 | Features

To highlight the achievements of the biopharma based companies in India, BioSpectrum is re-launching the ranking special issue in June 2019.

One more financial year concluded with lots of figures, calculations, positives and negatives, all related to finance and money, telling us where exactly our organisation stands today compared to the previous years. Everybody is interested in knowing the organisation's performance – independent as well as compared to others in the sector.

To highlight the achievements of the biopharma based companies in India, BioSpectrum is re-launching the ranking special issue in June 2019.

Companies will be ranked on the basis of their revenues and other achievements that took place in the last financial year FY18-19.

The last date for application is 15th May, 2019.
