

Tattvan E-Clinics appoints Ranga Sudhakar as CSO

23 July 2019 | News

With the aim of transforming healthcare in remote areas, Tattvan E-Clinics works to provide healthcare services in Tier 2 and Tier 3 towns in India

Tattvan, the first-of-its-kind telemedicine healthcare E-clinics, announced the appointment of Ranga Sudhakar as the Chief Strategic Officer.

With the aim of transforming healthcare in remote areas, Tattvan E-Clinics works to provide healthcare services in Tier 2 and Tier 3 towns in India. As the company is working to achieve its objective, Mr. Sudhakar in his new role will guide innovative programming and framework to enhance Tattvan's value propositions and expansion plans.

With his proven record and experience, he will be spearheading the brand's offering of holistic solutions and widening its horizons by integrating with various Government and state hospitals. His appointment is a strategic move of the company to strengthen its network alliances across business verticals in India and overseas.

Welcoming Mr. Sudhakar to the organisation, Ayush Mishra, CEO & Co-Founder, Tattvan E-Clinics said, "We are delighted to have Mr. Sudhakar as a part of the Tattvan team especially at a time when we are at the helm of a healthcare transformation. We are expanding our presence in India and have extensive plans to foray into international markets. Our priority remains to deepen our engagement within the country by focusing on building state-of-the-art healthcare facilities in the rural areas. He brings along experience and knowledge of the sector that will help us gain deeper insights of the industry dynamics and add more meaning to our initiatives undertaken to achieve the company's goals"

Speaking about his role as Chief Strategic Officer, Mr. Ranga Sudhakar said, "Tattvan e-Clinics remains at the fore front to provide healthcare services in the rural areas and has pioneered in unlocking the value in the telemedicine sector. I appreciate the brand's efforts, its vision and mission of transforming the healthcare segment in the country. I am excited to join the enthusiastic team of professionals who are determined in building an environment where healthcare services are available to one and all. I am committed to the company's outlook and will utilize my skills to achieve the goals."

A management professional with an extensive work experience of more than 20 years in Business Development and Project Management, Mr. Sudhakar has been instrumental in designing and implementing new PPP Health Care projects through National Health Mission. He also spearheaded Apollo's multi million dollars B2G and B2B orders. Apart from bagging various Awards in Health Care, he has worked extensively in Government, Corporate, Manufacturing, Insurance & TPAs, Banking, CSR, Infra, etc. and designed customized Health Care solutions across PAN India.

Over the next few months, Tattvan plans to set up 15 clinics in cities like Moradabad, Guwahati and few more. The brand is expanding its healthcare services across Uttar Pradesh, Bihar, Uttarakhand, and Jharkhand with 50 more E-Clinics in next 18-20 months. On the International level, Tattvan E-Clinics is looking forward to expanding in Bangladesh, Tajikistan and Uganda.
