Romaco unveils new sales and service centre in India

01 August 2019 | News

Romaco India will take care of sales and service for the product lines under all six Romaco brands

Romaco, a leading global manufacturer of packing and process technology based in Germany, recently hosted a successful Customer Meet in Hyderabad. The event to mark the official opening of the new Sales & Service Centre was attended by 400 invited guests from the pharmaceutical industry.

Romaco provides specialist expertise in filling, dosing and packaging systems for the pharmaceutical and cosmetics industries.

The new Sales & Service Centre Romaco India Pvt. Ltd. has offices in Mumbai, India's economic powerhouse, and Hyderabad, the hub of the Indian pharmaceutical industry. The two sites will put Romaco in a strong position on the Indian subcontinent, ideally with a beacon effect right across South Asia and into Northern Africa.

Romaco India will take care of sales and service for the product lines under all six Romaco brands including customised solutions for processing, tableting and packaging. As a key future market with growth rates of 15 percent per year, it is only logical that the Romaco Group should have a separate branch in India.

About a third of all Indian pharmaceuticals are manufactured in Hyderabad, which is why it was chosen by Romaco as the venue for the Customer Meet when the firm opened its new offices.
