Anjani Mashelkar Foundation invites applications for Innovation Award 2019

26 August 2019 | News

The deadline for submitting the applications is 30th august 2019.

The *Anjani Mashelkar Inclusive Innovation Award* is an annual award of Rs 100,000 given to an individual or an organisation for a prototyped innovation or a commercialized product or service. The innovation must address the problems faced by the disadvantaged resource-poor people in India and offer an original and implementable solution.

This award presents an opportunity to spur and fuel innovation for the benefit of the most disadvantaged sections of society in order to 'include' them into the mainstream. The awardees will preferably be those who believe not just in 'best practices', but in 'next practices'. Most importantly, it will value solutions that represent 'affordable excellence', breaking the myth that 'affordability' and 'excellence' cannot go together.

As the award grows in stature and gains national recognition, it will endeavour to leverage support for the innovator from various other private and public sector organizations.

The deadline for submitting the applications is 30th august 2019.

Criteria-

- Only Indian organizations or persons (of any age) of Indian origin are eligible to apply.
- Prototypes or proof of concepts which have the potential to be successful innovations are eligible. Raw ideas will not be considered.
- The prototypes, products, services or business models should be original and novel.
- They should provide highest quality affordable products and experiences to the resource poor people.

- Applications compliant to parameters of ASSURED framework would be preferred.
