THSTI to hold basic course on Immunology

30 January 2020 | News

Third edition of its basic course in Immunology from will take place in March

Faridabad-based Translational Health Science and Technology Institute will be conducting the third edition of its basic course in Immunology from March 16 to 18.

Dr. Shiv Pillai, Professor, Harvard Medical School, Boston along with Dr. Dipankar Nandi from the Department of Biochemistry, Indian Institute of Science, Bengaluru will be covering the various topics of this domain.

The target audience for this course are Masters and PhD students, research associates and post-doctoral fellows, early career investigators. However, the course is open to other investigators also who would like to update on the knowledge of Immunology.

The last year's course was attended by more than 250 participants comprising faculty members, research fellows and PhD students from institutes across the country. Researchers at Banaras Hindu University, AIIMS Delhi, PGIMER Chandigarh, SRM Sonipat, Tezpur University and others could attend by joining a live streaming session.
