"We are offering free training module to all nurses"- Arunesh Singh

28 May 2020 | Views

Arunesh Singh, CEO, Generation India Foundation, Gurugram talks about how GIF is contributing to this fight against COVID-19

"As the coronavirus pandemic creates an alarming situation across the globe, organizations in many sectors in India are mounting an unparalleled response. We and our partners have stepped forward to combat COVID-19 by offering a free training module to all the nurses working in various hospitals in the country. We hope the course is well utilized in real life situations and the nurses and hospitals are able to avoid infection and handle COVID-19 patients more effectively."

Arunesh Singh, CEO, Generation India Foundation (GIF), Gurugram
