

Ziqitza Healthcare forays into corporate wellness sector

10 July 2020 | News

Aims to be a 100 crore company with an international footprint in the UAE and India by 2025

Mumbai based Ziqitza Healthcare Ltd (ZHL), Asia's largest emergency medical service provider and one of the fastest-growing holistic healthcare solutions platforms in India, has announced its venture into Corporate Wellness services.

The company has already signed up over 50 corporates from various sectors including E-commerce, Manufacturing companies, Insurance, IT, Real estate, FMCG amongst others. Aiming to become a "one-stop solution" for corporate wellness & holistic healthcare for corporates, ZHL offers turnkey solutions that include Ambulance at Site, Wellness at Workplace, Telehealth Services for Employees, Medical Rooms, Doctors on Site and Occupational Health Therapies, among others.

Naresh Jain, CEO, Ziqitza Healthcare Ltd, shared his views on the expansion plan, "Since 2005, Ziqitza has consistently witnessed positive growth in the Ambulance Outsourcing and EMS segment. We have built a highly successful and differentiated PPP business and have introduced several international best practices in this area. The current pandemic has pretty much transformed the way urban India works and has underlined the need for actively reimagining workplace health and employee wellness. Ziqitza, with its vast experience in the pre-hospital segment and EMS outsourcing, is well-placed to provide solutions for the Corporate Wellness and Health sector. Focus on Quality Services and Customised Solutions are the main differentiators for ZHL from its peers in the industry."

"I am very happy to see the robust response we have received from the corporate world and we already have signed more than 50 clients since launched. Remote care for mental health [has spiked](#), telehealth services are needed now more than ever. We are very confident about achieving our vision of becoming the leading EMS & Corporate Wellness Services provider in India and Mission 2025 of becoming a 100-crore company", CEO, Naresh Jain.
