Medanta & Moolchand introduce world-class cardiac care centre

22 October 2020 | News

The centre offers comprehensive, best-in-class expertise in cardiac care including emergency cardiac services

Medanta and Moolchand have collaborated to launch Medanta-Moolchand Heart Centre, a super-specialty Cardiac Care institute at Moolchand Medicity, South Delhi. The Centre offers comprehensive, best-in-class expertise in cardiac care including emergency cardiac services.

The Medanta Heart Institute in Gurugram houses sub-specialties of Cardiac Surgery, Electrophysiology and Pacing, Clinical and Preventive Cardiology and Interventional Cardiology, led by an integrated team of medical experts. These super-specialists will now additionally provide specialised services to a larger number of patients in South Delhi, ensuring holistic cardiac care.

The Medanta-Moolchand Heart Centre will offer the following services:

- 24X7 Cardiac Emergency Services
- Clinical and Preventive Cardiology
- Non-Invasive Cardiology (including preventive health check-ups)
- Interventional Cardiology (Angioplasty, TAVI/TAVR)
- Electrophysiology & Pacing
- Cardiac Thoracic and Vascular Surgery
- Pediatric Cardiology

Speaking on the occasion, Dr Naresh Trehan, Chairman and Managing Director, Medanta said, “We have been committed to delivering world-class affordable healthcare in India. The Medanta-Moolchand Heart Centre allows easier access to the highest end of cardiac care to patients in South Delhi. We have always taken immense pride in our expertise in the field of cardiac sciences, and we are happy to collaborate with Moolchand Hospital with its long history of serving patients in South Delhi’’.
