Indira IVF opens 93rd infertility treatment clinic in Ujjain

02 November 2020 | News

The Ujjain centre is the 10th facility to be added by Indira IVF in the year 2020

INDIRA IVF
FERTILITY & IVF CENTRE

Indira IVF has once again opened its doors to couples aspiring to embark on a journey of parenthood. This time it is in Ujjain, Madhya Pradesh.

Indira IVF has delivered top IVF success rates with over 33000+ embryo transfers per year making it one of the best fertility clinics in the country. With over 200 IVF specialists and 125 embryologists that have heralded the clinics to the highest number of IVF procedures that are performed in India, Indira IVF has been consistently been a leading fertility clinic achieving excellent success rates over the last 10 years. Guided by the philosophy based on four pillars —affordability, accessibility,

awareness and assurance— Indira IVF are forerunners in the industry, making infertility procedures affordable for low- and middle-income families to fulfill their dreams of having a baby.

Armed with state of art technology called “Closed Working Chamber”, an advanced technique imported from Australia and being one of the *first* to introduce it in the country, Indira IVF brought along the promise of childbirth to Indian couple seeking quality and result oriented fertility treatment. In addition, Indira IVF also introduced a technology called RI witness technology that ensures that there is no mix-up of gametes and embryos. Therefore, ensuring the utmost safety and security of their patients.

Indira IVF is offering a free consultation for couples by the Indira IVF specialists from 1st November to 30th November 2020.

Started in Udaipur, Rajasthan by Dr Ajay Murdia, Indira IVF now has over 93 centres across India with Ujjain being a recent addition.
