KITES Senior Care opens Dementia & Alzheimer's care centre in Bengaluru

05 March 2021 | News

The Dementia & Alzheimer's Care centre, located in HBR Layout in North Bengaluru, will be led by a team of highly specialised and well trained medicalÂ experts.

KITES Senior Care, a geriatric care specialist has unveiled an exclusive Dementia & Alzheimer's Care centre in Bengaluru. The new facility is equipped with 24 beds and provides residential care, day care, memory clinic and family counselling services for elders with Dementia & Alzheimer's.

This is in addition to the existing 24-bed eldercare centre in South Bengaluru and a 40-bed facility in North Bengaluru providing transitional and palliative care services.

The Dementia & Alzheimer's Care centre, located in HBR Layout in North Bengaluru, will be led by a team of highly specialised and well trained medical experts.

The facility is equipped with superior rooms, state-of-the-art medical facilities, consultation rooms, counselling rooms, Yoga & exercise hall, cafeteria, activity zone, library, prayer room and a terrace lawn. All care facilities are designed by healthcare architects in collaboration with the expert medical team which is compliant to regulations and most importantly keeps patients' safety at the core.

Dr Reema N, Group Medical Director & COO, KITES Senior Care said, "By setting up this dementia care centre, we want to take a step to help address this situation."

KITES Senior Care has received 'Pre-Series A' funding of Rs 4 crore and is looking at raising more capital to fund infrastructure expansion. The brand is also looking to expand across more cities in India by the end of the year.
