Crysta IVF opens centres in Delhi and Mumbai

23 June 2021 | News

Collaborates with Fertile Solutions IVF & Research Center and Corion Fertility for both the facilities

Delhi-based Crysta IVF has launched two new centres in Delhi and Mumbai. The Delhi centre was launched in collaboration with Fertile Solutions IVF & Research Center (FSIVF) and Mumbai with Corion Fertility, respectively. With the launch of these facilities, Crysta IVF plans to make fertility treatments accessible to all.

The new centres by Crysta IVF are part of their expansion strategy under which they plan to launch 12 new centres in the next six months making a total of 25 centres with an ambition to become one of the leading infertility treatment providers having its wings in 100 cities within a span two years.

Dheeraj Jain, Founder, Crysta IVF, said, “We aspire to provide fertility treatments without compromising on quality, patient safety and security. There is nothing that gives us greater fulfilment than a successful outcome and the happiness that parenthood gives to couples.”
