Crystal Hearing Solutions opens centre in Mumbai

28 July 2021 | News

The company plans to target a large number of the population across the city

Hearing aid specialist Crystal Hearing Solutions inaugurated a new exclusive sound centre in Chembur, Mumbai, marking its foray into the Western region. With this foray into the Mumbai market, the company plans to target a large number of the population across the city. So far, Crystal Hearing Solutions had been present in the south and suburbs of Mumbai.

An authorised platinum partner with Sivantos India (erstwhile Siemens Hearing Instruments) and brand Signia, Crystal Hearing Solutions is a leading company in the hearing aids segment.

Signia's breakthrough technology offers a wide range of options and customisations to help people hear better. Equipped with Bluetooth, rechargeable and integrated acoustic motion sensors, Signia range of hearing aids starts from Rs 8999.
