

NHA inks MoU with IIT-D to scale high-potential healthcare innovations

12 August 2021 | News

Through a blended financing facility to further improve healthcare delivery in India

Recognising the role of innovations to strengthen India's response to the COVID-19 crisis and preparedness for emerging healthcare needs, National Health Authority (NHA) has signed a Memorandum of Understanding (MoU) with Indian Institute of Technology Delhi (IIT-D).

Through this partnership, NHA will be a technical collaborator on the U.S. Agency for International Development (USAID)-supported SAMRIDH Healthcare Blended Financing Facility. IIT Delhi serves as the hosting entity for SAMRIDH. This initiative is implemented by a Technical Support Unit, managed by IPE Global.

SAMRIDH Healthcare Blended Financing Facility aims to catalyse market-based health solutions to improve access to affordable and quality healthcare services for low-income and vulnerable communities, particularly for Ayushman Bharat Pradhan Mantri Jan Arogya Yojana (AB PM-JAY) beneficiaries.

NHA and IIT Delhi will support innovative solutions to address the needs and priorities of the AB PM-JAY ecosystem. This collaboration will be crucial to support rapid scaling and absorption of health innovations across more than 23,000 PM-JAY empanelled hospitals.
