

Paras Healthcare launches 400-bed hospital in Kanpur

18 August 2021 | News

The new hospital known as Paras Yash Kothari Hospital will commence its operations from next year

Paras Healthcare announced the launch of a multi-speciality hospital in Kanpur. The 400 plus-bedded hospital known as Paras Yash Kothari Hospital is equipped with 150 ICU and emergency beds and will commence its operations from next year.

A major focus will be on providing treatment for oncology cardiology, neurology, gastroenterology, orthopaedic and renal sciences. Also, transplants (kidney and bone marrow) will be the centre of excellence for this hospital.

Dr Dharminder Nagar, MD, Paras Healthcare said, “Our latest venture will focus on advanced infrastructure and experienced & trained staff to provide faster & more efficient services to patients.”

Along with the hospital, Paras Healthcare is also launching City Centre in the heart of the city for comprehensive speciality care.
