IPA appoints Samir Mehta, Chairman, Torrent Group as President

05 October 2021 | News

According to Mehta, IPA will be collaborating with stakeholders to strengthen the accessibility of medicines

Indian Pharmaceutical Alliance (IPA) has appointed Samir Mehta, Chairman of Torrent Group as President of the IPA for 2021-2023.

Under his leadership, Torrent Pharma took several strategic initiatives, including forays into new therapies and geographies, large investments in product development infrastructure and capabilities, building state-of-the-art manufacturing facilities and acquisitions. His emphasis on professional organisational design, precise execution and operational efficiencies has built a strong and globally competitive generic business platform in Torrent Pharma.

A fine blend of business acumen and cautious entrepreneurial optimism, Mehta has positively influenced aspects of the Group culture with his contemporary outlook and innovative ideas.

Mehta said, “COVID 19 has been a challenging time for the Indian pharmaceutical industry. However, the industry has risen to the challenges and ensured a continuous supply of medicines to patients. The pandemic has further highlighted the significance of collaboration, access to affordable medicines and innovation to respond to the country’s healthcare needs. IPA will be collaborating with stakeholders to strengthen the accessibility of medicines and help in creating an innovation ecosystem that will be beneficial to the patients.”
