SpiceHealth launches covid mobile testing laboratory at Varanasi airport

12 October 2021 | News

SpiceHealthâ??s Varanasi mobile lab to help ramp up RT-PCR, Rapid (RT)-PCR and Rapid Antigen testing both at the airport and the city

SpiceHealth has launched its first mobile testing laboratory in Varanasi – at the city's Lal Bahadur Shastri International Airport – to conduct Real-Time Polymerase Chain Reaction (RT-PCR), Rapid (RT)-PCR and Rapid Antigen tests. SpiceHealth's mobile laboratory will help ramp up Covid testing both for passengers flying in and out of Varanasi as well as residents of the city and adjoining districts.

Avani Singh, CEO, SpiceHealth said, "With the latest addition, SpiceHealth now operates 17 mobile labs and collection centres in nine cities in the country. We have conducted more than 4.2 million RT-PCR tests since our launch in November last year and we look forward to serving the people of Varanasi and adjoining areas."
