

Investment firms build health platform to operate multi-specialty hospitals

27 October 2021 | News

Platform launched by Samara Capital, Havells Family Investment Office and Godrej Family Investment Office

Samara Capital, Havells Family Investment Office and Godrej Family Investment Office have invested together to form Marengo Asia Healthcare, a platform with a vision to emerge as one of the leading Indian multispecialty hospital chains, which shall stand for the patient first approach and clinical excellence.

The platform will focus on creating clinical partnerships to bring global expertise and enhance the patient experience.

A team of professionals will manage the platform led by Dr Raajiv Singhal who comes with over 25 years of global healthcare experience.

"The platform commits to deploy a sizeable pool of capital in investing and partnering with hospitals in India. Marengo Asia Healthcare stands committed to bringing in the highest level of ESG standards and making a positive difference in the healthcare sector," said Abhishek Kabra, MD, Samara Capital.

Dr Raajiv Singhal, Founding Member and MD, Marengo Asia Healthcare said, "We endeavour to create a platform with 'Patient First' approach in which all decisions are taken keeping the patient in the centre while bringing the latest medical and technological advances to the patient."
