

IIL donates oxygen generation plant to TIMS, Gachibowli

13 December 2021 | News

The plant is capable of supplying oxygen to 70 patients at a time

Indian Immunologicals Limited (IIL) donated a PSA Oxygen Generation Plant to the Telangana Institute of Medical Sciences (TIMS), Gachibowli for service to patients in need of oxygen support.

IIL had facilitated the setup of an oxygen generation plant at Telangana Institute of Medical Sciences (TIMS), Gachibowli. The oxygen plant works on the principle of Pressure Swing Adsorption and enables efficient distribution of oxygen for needy patients. The plant is capable of supplying oxygen to 70 patients at a time. IIL had taken up this initiative as part of their Corporate Social Responsibility (CSR) and executed it through Sambhav Foundation, an initiative of LabourNet, a Bengaluru-based Social Enterprise. The cost of the plant is Rs 1 crore.
