Launch of tele mental health programme will go a long way: Cadila Pharma

01 February 2022 | Views

Vinod Jain, CFO, Cadila Pharmaceuticals

"A growth and development-oriented budget with focus on infrastructure, transport & logistic, manufacturing, education, health, and digital economy. The budget emphasizes supportive policies, regulations, and ease of doing business to build domestic capacities, promote R&D and generate employment opportunities which will ensure sustainable growth for the country in years to come. Launch of the National digital health Eco System and National Tele Mental Health Programme will go a long way to serve health care needs of society. "
