Redcliffe Labs appoints Prof SS Anand as medical director

11 April 2022 | News

Anand will drive the nationwide expansion and growth plan for Redcliffe Imaging

Redcliffe Labs has appointed Prof SS Anand as the new Medical Director at Redcliffe Imaging – Radiology division of Redcliffe Labs. Anand will drive the nationwide expansion and growth plan for Redcliffe Imaging. Under his expert guidance, Redcliffe Imaging will aim at becoming a quality radiology service provider with an enhanced patient experience.

Before assuming the new role, Anand has completed 37 glorious years as a serviceman. He is an established professional in radiology.

He has been credited with many ground-breaking initiatives such as the first CT scan machine in the army command hospital, Pune. He has established the PET-CT scan and Medical Cyclotron in Army Hospital (R&R), New Delhi. An alumnus of KGMC- Lucknow, INMAS- New Delhi and PGI- Chandigarh. Anand was a mentor, guide and examiner in both Nuclear Medicine & Radiology. He has served as the Dean of Army College of Medical Sciences New Delhi and Hamdard Medical College, New Delhi. He has also written numerous publications on radio diagnosis.
