

GOQii launches lifestyle medicine prog for diabetes mgmt

04 May 2022 | News

The integrated programme consists of GOQii device, Glucometer – Contour Plus+1 from Ascensia Diabetes Care India and personalised diabetes coaching

GOQii has launched an integrated lifestyle medicine programme-the GOQii Diabetes Care for people diagnosed with Diabetes. The programme is initiated to help people with diabetes to manage their condition and take ownership of their health with external help and expert guidance.

The programme is priced at Rs 6999 and comes with the offering of a GOQii Smart Vital Plus device, a connected Glucometer -Contour Plus+1 with 10 test strips, doctor consult, 2 HbA1c tests and six months of personalised diabetes coaching.

Once enrolled on the Diabetes Care Programme, the patient gets trusted and trained assistance for the Diabetes Journey to improve diabetes outcomes (Lower blood sugar levels, HbA1c, lipid levels) and other metabolic parameters (Lose weight, reduce BMI, more energy).
