

Venture Center gains No 1 position in BioSpectrum BioIncubator Survey 2020-21

01 June 2022 | Views

BioSpectrum announces results of the BioIncubator Survey 2020-21

BioSpectrum India, a leading B2B media platform in Lifesciences space since 2003, has re-launched its ranking special edition in June 2019 after gap of 2 years. In this survey we looked at BioIncubators (both private and public) spread across India based on their achievements in the past financial year – 2020-21.

A detailed questionnaire (survey form) was sent to over 40 BioIncubators to capture the needed information for the year 2020-21 for the analysis. This was done during April – May 2022. BioIncubators shared information with us to the extent it was possible by them.

For all the ranking purposes we have taken four parameters - No. of incubatees joined, Funds raised, Space used, MoUs signed by the BioIncubator with other agencies to attract enterprises/ entrepreneurs during 2020-21. We have considered the names of the BioIncubators who have participated in the survey, as we didn't received the filled in forms from some of other BioIncubators.
