Indian Immunologicals organises anti-rabies vaccine drive on World Zoonosis Day 2022

06 July 2022 | News

Administers 1 Lac free vaccines in nationwide vaccination camps

Indian Immunologicals Limited (IIL) organised a nationwide free vaccination camp against zoonotic diseases on account of World Zoonosis Day 2022. Indian Immunologicals has administered one lakh doses of Raksharab and Starvac R (Anti-rabies vaccines of IIL) free of cost, in an endeavour to realise its vision of ‘One health’, a collaborative effort towards optimal health for humans and animals through its innovative healthcare products.

Speaking on the occasion of World Zoonosis Day, Dr K Anand Kumar, Managing Director, Indian Immunologicals said, “Through our “Anti-Rabies vaccine drive”, we aim to spread awareness on the disease and need to restrain it. Apart from Raksharab and Starvac R, IIL has the largest range of zoonotic vaccines in the country such as CYSVAX, Bruvax, among others and we are constantly innovating novel vaccines to cater to the ever-emerging zoonotic risks.”
