Ritesh Mittal joins HEAPS.ai as Head of Strategy

14 July 2022 | News

Mittal will be driving the expansion of the provider network across India, forging strategic partnerships

AI-driven Health-Tech B2B SaaS Platform, Heaps Health Solutions has appointed Ritesh Mittal as the Head of Strategy and Customer Success - Provider Network. He brings in 14 years of rich experience in healthcare delivery and has previously worked with Paras Healthcare and Medanta-the Medicity. He has held various roles spanning growth strategy, P&L leadership and core hospital operations. He is an alumni of Ross School of Business, University of Michigan, Ann Arbor from where he graduated with honours.

At HEAPS.ai, Mittal will be driving the expansion of the provider network across India, forging strategic partnerships with other health-tech players and leading the customer success vertical.
