NASSCOM Centre of Excellence hosts LHIF - Lifesciences & Healthcare Innovation Forum

22 July 2022 | News

Unveils â??Healthcare in India - Transforming Through Innovationâ?? report

NASSCOM Centre of Excellence hosted its flagship healthcare initiative LHIF - Lifesciences & Healthcare Innovation Forum. Spearheading India's vision for digitising the healthcare industry, the forum highlighted top industry priorities in achieving value-based healthcare through focussed policies and accelerated technological innovations.

NASSCOM also unveiled its report – 'Healthcare in India - Transforming Through Innovation', showcasing the evolution witnessed in the Indian Healthcare ecosystem with emerging technologies and innovation driving this transformation. The report highlights the importance of tech-driven innovations and focused healthcare expenditure and investment to further drive growth in the healthcare ecosystem. The findings are based on the analysis of the top use case submissions received during the 3rd Edition of NASSCOM Healthcare Innovation Challenge conducted by NASSCOM Center of Excellence - IOT & AI.
