MediBuddy launches surgery care services

27 July 2022 | News

Expands its vast portfolio of digital healthcare services

Bengaluru-based MediBuddy has launched surgery care services. MediBuddy’s surgery care eases 60+ elective procedures across its partnered hospitals covering all the major cities.

It will also provide specialised treatment in several other departments like proctology, ophthalmology, vascular, ENT, orthopaedics, urology, gynaecology and more.

The service also offers a dedicated Care Buddy to every patient, unlimited follow-ups, second opinions, and financial counselling from its team of experts which support the user to make the right decisions for the surgery.
