

Merck India's 3rd Annual Pharma Forum to be held in Hyd on August 10, 2022

04 August 2022 | News

Discussions will be held on the future of BioPharma manufacturing and providing the latest insights on the process trends and quality approach

The Process Solutions division of Merck India has announced its 3rd Annual Pharma Forum in Hyderabad on August 10, 2022. The focus of the event is 'Shaping the next-gen processing of pharma manufacturing.' The forum creates a platform for deep dive discussions with the industry experts on the future of BioPharma manufacturing, providing the latest insights on the process trends and quality approach in aseptic processing and discussing the regulations around it.

Renowned industry experts like Dr Ranjit Barshikar, CEO QbD International, QbD / cGMP Consulting, United Nations Adviser, Geneva, Somasundaram G., Senior Consultant, Asia Pacific, Process Solutions, Merck KGaA, Ramesh Raju, Head of Operations, Validation Services lab, Merck KGaA amongst others.

Experts will share their views from their respective areas of expertise, followed by a panel discussion on the most discussed topics in sterile pharmaceutical manufacturing.
