ResMed appoints Sandeep Gulati as General Manager, South Asia

15 November 2022 | News

With a rich twenty-three-year long experience

ResMed, a global leader in digital health, connected sleep and respiratory care, is reinforcing its commitment to India by strengthening its leadership with the appointment of Sandeep Gulati as General Manager, South Asia. In his new role, Gulati will be responsible for further growth in India market and ensuring that there is increased awareness about sleep and respiratory disorders.

A seasoned and dynamic professional, Gulati brings a rich twenty-three-year long experience of leading Sales and Marketing organisations in the pharmaceuticals and medical device industry.

He has been a part of ResMed since 2020 and will now be leading from the front. In his two years at ResMed as Sales Head – India & South Asia, his long-term vision and strategy led ResMed to achieve strong business results in a short span of time. Gulati has previously worked in various assignments in Sales & Marketing in Novartis & Baxter for a major part of his career.
