HealthPlix appoints Nagesh IS as Data Safety Officer

14 February 2023 | News

A seasoned software engineer with 12+ years of experience in fast-growing AI and Fin-tech startups

Bengaluru-based health tech startup HealthPlix Technologies has appointed Nagesh IS as its Data Safety Officer. He will oversee the state of affairs concerning data privacy and security at HealthPlix.

The appointment of Nagesh highlights the company’s focus on protecting the fundamental needs of its 10000+ individual active doctors on its platform who are digitizing their patient health journey with HealthPlix.

Nagesh has extensive experience in building and scaling PAAS (Platform as a service) and IAAS (Infrastructure as a service) companies. He has been the Director of Engineering at HealthPlix and was instrumental in setting up security-first engineering practices. Before HealthPlix, Nagesh worked with companies like PharmEasy and redBus.

Nagesh is a seasoned software engineer with 12+ years of experience in fast-growing AI and Fin-tech startups. He excels in data governance, security, and building scalable products with a focus on personal and sensitive user data. Nagesh holds an engineering degree in Electronics & Communication from Visvesvaraya Technological University (VTU).
