American Institute of Pathology & Laboratory Sciences expands footprint in Andhra Pradesh

13 June 2023 | News

Launched Pathology Laboratory in Vijayawada offering a wide range of best-in-class diagnostic services with over 2500+ tests

Expanding its footprint in Andhra Pradesh, American Institute of Pathology & Laboratory Sciences (Ampath) has recently launched a lab at Punnaiah and Vajramma Complex, Ramachandra Nagar, Vijayawada. The 2700 sq. ft. laboratory is equipped with latest technology platforms capable of delivering quality reports with a quick Turn-Around-Time (TAT).

The newly launched spacious pathology centre serves a comprehensive menu of more than 2500 tests, performed under the supervision of highly experienced pathologists.

The lab offers diagnostic tests in Clinical Biochemistry, Hematology, Flow cytometry, Clinical Pathology, Serology, Immunology, Microbiology, Cytology, Histopathology, Immunohistochemistry, Molecular diagnosis, NGS, Cytogenetics amongst others.

These services help in diagnosis and detection of various diseases affecting different organs and parts of the body that can be extremely vital for the clinician to decide on the treatment protocol.

Residents of these cities and nearby towns like Guntur, Narsarapeta, Tenali, Gudiwada, Machilipatnam, Eluru, Narsipatnam, Anakapalle, Rajamundry, Vizianagram, and Srikakulam will get benefit from the world-class diagnostic services provided by the well-equipped lab facility.

Ampath has a Central Reference Laboratory in Hyderabad, with 14 satellite labs in different locations.
