Metropolis Healthcare launches advanced diagnostic lab in Kunnamkulam, Kerala

14 July 2023 | News

Extending high-quality testing services to patients with latest & innovative diagnostic technologies

Metropolis Healthcare has announced the launch of an advanced diagnostic testing centre in Kunnamkulam, a prominent business town in Kerala's Thrissur district. This new cutting-edge diagnostic testing laboratory can process up to 200 samples per day, ranging from basic day-to-day pathology tests to complex molecular diagnostic tests.

Surendran Chemmenkottil, Chief Executive Officer, Metropolis Healthcare Limited said, "The opening of this lab in Kunnamkulam is in line with Metropolis' mission to expand our reach in Tier 2 and Tier 3 towns in core geographic locations where the company has strong brand recognition. Metropolis has grown its presence in Kerala over the years, with over 25 processing laboratories and more than 70 patient collection centres serving a network of hospitals and doctors throughout the state. With the opening of the new processing lab, we hope to provide high-quality diagnostic testing services and reliable reports to clinicians and patients in Kunnamkulam and nearby areas in a timely manner."

Metropolis Laboratories have earned numerous quality accreditations, both in India and internationally. The company has developed the Indian Reference Range for an extensive test menu, which is now being used by thousands of laboratories across the country.
