Biocon Biologics announces key leadership appointments

04 August 2023 | News

To enhance performance, reliability and sustainability

Biocon Biologics Ltd (BBL), a subsidiary of Biocon Ltd, has announced several key leadership appointments which will play an important role in transforming the organisation and realising the company's ambition of building a global biosimilars leader.

Rhonda Duffy has been appointed Chief Operating Officer (COO) and will lead Manufacturing, Quality and Supply Chain Management. She brings over 30-years of experience in the global pharmaceuticals industry.

Dr Sandeep Athalye who has been with Biocon Biologics for over 6 years as its Chief Medical Officer has been elevated to Chief Development Officer to head CMC, Clinical Development and Medical and Regulatory Affairs.

David Gibson joins the Company from GlaxoSmithKline (GSK) to lead all licensing, strategic partnering and business development activities as its Global Head – Business Development

Stephanie Wasco joins as Head of Communications – Advanced Markets to lead Corporate and Marketing Communications and Product Branding in Advanced Markets such as the US and Europe.

In addition to the above key leadership appointments, the company has on-boarded global leadership talent across several functions including Manufacturing Science and Technology (MSAT), Clinical Development, Finance, HR, Legal and Compliance.
