IIT Kanpur joins forces with UP University of Medical Sciences for advancing healthcare

05 September 2023 | News

Partnership focuses on advancing healthcare technology, starting with non-intrusive medical tools

The Startup Incubation and Innovation Centre (SIIC), a technology business incubator at the Indian Institute of Technology Kanpur (IIT-K), has signed a Memorandum of Understanding (MoU) with Uttar Pradesh University of Medical Sciences in Saifai, Etawah. Both institutions have come together with a shared vision to drive transformational advancements in healthcare technologies.

The collaborative efforts of SIIC IIT Kanpur and Uttar Pradesh (UP) University of Medical Sciences will initially revolve around the promotion of non-invasive medical devices, leveraging the expertise of both institutions. The contribution of Uttar Pradesh University of Medical Sciences will encompass the facilitation of vital clinical trials for these devices, driving them towards real-world application and benefiting patients.

The collaboration between SIIC IIT Kanpur and Uttar Pradesh University of Medical Sciences goes beyond traditional limits, encompassing a wide range of cooperative efforts. These efforts involve enhancing mentoring, training, and research quality, allowing startups and innovators to utilise shared resources, fostering dynamic collaboration among different stakeholders through interactive events, sharing research infrastructure and expertise within a collaborative framework, and collectively participating in crucial healthcare projects on both national as well as international levels.
