

TÜV SÜD invests €15 M in lab & training centre for medical devices in Bengaluru

14 December 2023 | News

Enabler of faster access to domestic and international market

TÜV SÜD, a leading certification, testing, auditing, inspection and training company and the wholly-owned subsidiary of the TÜV SÜD Group, Germany, has inaugurated its new state-of-the-art facility 'TÜV SÜD Bengaluru Campus' for testing and certifying electrical and electronic products and medical devices to national and international standards in Bengaluru.

'TÜV SÜD Bengaluru Campus' was inaugurated at the hands of, Guest of Honour Friedrich Birgelen, Deputy Consul General, German Consulate General, Bengaluru; Dr Johannes Bussmann, TÜV SÜD CEO & Chairman of the Board of Management and the TÜV SÜD Global leadership team. The event was attended by over 100 key stakeholders from India's Electrical & Electronics, MedTech and other allied industries.

The 'TÜV SÜD Bengaluru Campus' spans across 3 acres and comprises 70,000 sq. feet in Phase 1. It is designed by and utilises latest technology and building materials to be energy efficient, sustainable and has incorporated workspace design to enhance employee collaboration and wellbeing.

This new integrated office, training centre and laboratory with an investment of EUR 15 million is in KIADB Hitech Defence and Aerospace Park, Devanahalli, Bengaluru and is TÜV SÜD's second lab facility in Bengaluru. The first one being the Food Analytical, Chemical & Microbiology laboratory in Peenya Industrial Estate.

'TÜV SÜD Bengaluru Campus' will provide testing facility for luminaries, home appliances, IT equipment, telecommunications equipment, automotive electronics, industrial electronics, machinery equipment, active medical devices, in vitro diagnostic devices, non-active medical devices and other electric components.
