

Metropolis Healthcare launches advanced diagnostic testing centre in Ratlam, MP

08 February 2024 | News

Strengthening healthcare accessibility and technological excellence, marking 6th diagnostic centre in the State

Metropolis Healthcare, India's leading diagnostic service provider, has launched a cutting-edge diagnostic testing centre in Ratlam, Madhya Pradesh (MP). This state-of-the-art world class diagnostic laboratory has the capacity to process up to 6000-8000 samples per month, encompassing routine pathology tests to advanced molecular diagnostics.

The inauguration ceremony was graced by Prahlad Patel, Mayor, Ratlam Municipal Corporation, accompanied by Manisha Sharma, President, Ratlam Municipal Corporation, and Padmashree Dr Leela Joshi, a distinguished Physician, and Gynaecologist.

Surendran Chemmenkottil, Chief Executive Officer, Metropolis Healthcare said, "The establishment of this lab in Ratlam aligns with our commitment to providing high-quality healthcare to Tier 2 and 3 towns, where our brand is already highly regarded. With multiple advanced labs in Madhya Pradesh, our new lab in Ratlam is poised to set new standards in accurate diagnosis and patient-centric care."

Bhoopendra Singh Rajawat, Chief Business Officer (West, Central & North India), Metropolis Healthcare said, "Our new testing center in Ratlam is well-equipped for a variety of tests, from regular check-ups to advanced molecular diagnostics, all at reasonable costs."

Metropolis laboratories offers extensive tests and reports of the highest quality at affordable rates. It is known for numerous quality accreditations to its credit, both in India and abroad and with decades of experience under the hat, Metropolis has conscientiously developed the Indian Reference Range for an extensive test menu, which is now being used by thousands of laboratories across the country.
